

Invitation to a seminar on 21 September 2011 "Save the date"

## ***Decentralised water treatment - how does the water framework directive influence it?***

**IVL Swedish Environmental Research Institute together with Stockholms Miljöteknikcenter (SMTC) and Swedish Environmental Technology (SET) arranges a seminar about current activities in decentralised water treatment for companies and authorities. Obstacles and opportunities for innovative SME will be highlighted.**

The water framework directive is currently implemented all over Europe including management plans, actions plans for the coming years etc.

What does that mean in practice? Are there innovative solutions that can help in implementation of the directive? Are they ready for coming needs? How are companies and authorities affected of the implementation? This and more we will look at during the seminar.

**Date:** Wednesday **21 September**

**Time:** 10.00-16.00

**Place:** will be provided later, in Stockholm

**Registration:** at latest on 5<sup>th</sup> of Sep to [hanna.e.lagerberg@ivl.se](mailto:hanna.e.lagerberg@ivl.se)

**Moderator:** Olle Hammarström
